TOKEN AND MEDAL MAIL BID SALE # 42 - CLOSING MONDAY, FEBRUARY 22, 1993

This sale features police badges, elongated coins, encased coins, and trade tokens. Check the listings carefully. This is my smallest sale ever. If the shortage of material continues, I may have to postpone June's sale to October, as last year. I need to buy material, and I need consignments of better material. Help if you can.

**MAIL BID SALE RULES & TERMS**

1. Bids for this sale must be received no later than the above closing date. All lots sold to the highest bidder. If tie, lot goes to bidder with higher winning dollar total.
2. Minimum bid is \$1.50 per lot, unless noted otherwise. Unreasonably low bids may be rejected; unreasonably high bids will be reduced. Bid a definite dollar & cents amount per lot. Estimates when given are generally conservative; lot may sell for much more.
3. Winning bids over \$20 will be reduced to a 20% advance over the next highest bid when possible, up to a maximum reduction of 50%. Bids will not be reduced to under \$20, except possibly when duplicates are available; in such cases, the top bidders all get the lot at the same reduced amount.
4. Minimum sale is \$5.00; if your successful bids total under \$5, they are voided.
5. You may phone in your bids, 9AM to 9PM my time. No information will be given as to the status of your bids, until the last 3 days of the sale. See end of sale for the procedure for phoning to check and raise your bids. The sale ends when 15 minutes goes by without a call after 9PM on closing night. There is a 12 hour grace period on mailed bids only. Sale results will not be given out over the phone until the 4th day after the sale ends, as the sale is not computerized.
6. Established bidders will be sent lots with bill and invoice within 2-3 weeks after sale closes. Others may be billed first. Please pay promptly upon receipt. Actual postage & insurance costs, and a \$1.00 handling-packaging charge will be added to the bill. There is no buyer's fee. Calif. residents must pay sales tax.
7. The Prices Realized list is available for \$1.00, or 50¢ plus SASE in advance; it is prepared about 3½ weeks after the sale ends. A subscription to the next 3 sales is \$5.00 without PR list or \$7.00 with PRs. (For Canada \$7 and \$9; foreign \$12 and \$15). There are 3 sales a year, usually closing in February, June, and October.
8. Lots may be returned within 5 days of receipt if there is an error in catalogue description or material sent. Check your bids for errors and keep a record of your bids. You are responsible for your errors, and I am responsible for mine.
9. The lot descriptions generally follow this pattern: Obverse/Reverse; metal, size in mm, condition, comments. See back cover for abbreviations used. The illustrations are pencil rubbings of the actual specimens, reduced in size. Cities or states in parenthesis are not on the tokens; objects pictured and comments are also given in parenthesis.

## MAIL BID SALE # 42

### BADGES

This sale begins with a large offering of police, law, fire and miscellaneous badges. Nearly all are from a gigantic collection of badges, assembled by a recently deceased southern California collector. He collected badges for over 70 years and had about 9,000 different badges in his collection. I was able to examine about a third of the collection, and purchases a few hundred badges.

All the badges offered here I believe to be real, authentic, official-issue badges (and not copies, unofficial issues, fakes, or fantasies). Your satisfaction is guaranteed! If you are not satisfied with the badge for any reason, you may return it for a full refund.

Please note the minimum bids! They are mostly considerably below the actual value of the badges. [This is because I bought the badges at reasonable to bargain prices; the collectible dealers who were selling the collection didn't know much about badges.]

Badges like these are infrequently offered for sale, and hard to find (and usually highly priced). So this is a rare opportunity to obtain nice badges at reasonable prices.

As I am unable to illustrate the badges, a guide to the various shapes of the badges follows, and is referred to in the descriptions. The actual badge may vary a little in shape, but is of that general type.

Many of the badges have overlays on them. An asterisk (\*) after anything in the description means that that item is an overlay (a separate piece of metal attached onto the face or back of the badge).

### BADGE SHAPES

(See illustrations on opposite page.)

SHAPE # 1: Shield shape (nothing atop the shield)

SHAPE # 2: eagle atop shield.

SHAPE # 2A: eagle atop shield, with holes (open areas) below the eagle.

SHAPE # 3: eagle atop a wreath-bordered shield (overall a tall heart-shape). Most have rays in the field. Those with overlay panels(\*) are thick, hefty badges.

SHAPE # 4: large round circular panel around seal in center; eagle at top; ornaments at bottom.

SHAPE # 4A: as #4 but holes (open areas) below the eagle.

SHAPE # 5: as #4, but with rays projecting around the sides and bottom

SHAPE # 5A: as #4A, but with

rays as #5.

SHAPE # 6: 7-pointed star.

SHAPE # 7: 6-pointed star with balls at points.

SHAPE # 8: 5-pointed star with balls at points

SHAPE # 9: 5-pointed star hanging in outer ring.

SHAPE # 9A: as #9 but with 5 balls projecting on the outer edge, corresponding to the 5 star points.

SHAPE # 10: large oval.

SHAPE # 11: shield in center, rays at sides, panels above and below. Arm with sword at top.

### METAL OF BADGES:

A badge is described as brass if it is a yellow brass or bronze or gold color (may be a plating or gilt finish over some other metal).

White metal is used for whitish, gray, silver, and chrome colored badges (may be a plating over brass or other metal).

### AGE OF BADGES:

It's hard to determine the exact age of most badges, so I have given an age range of 20 to 40 years for most badges, as my best guess as to when it was made or issued or used.

End of Sale Number 42.

#### NOTES:

- I'll be at the Long Beach coin show Feb. 3-7, so please don't phone me on those days. I'm still at Table #352, but 352 will now be on the opposite side of the room, where the baseball card section used to be.
- Sorry, but photocopies of the badges listed at the beginning of this sale will not be available. Rubbings & photocopies of most other lots available for 20c per piece.
- Back issues of my sales & prices realized are available for \$1.50 each, or \$2 per set, postpaid. Not all available.
- I'm still anxious to buy nice old **HOBO NICKELS** for my personal collection!!! Singles or collections!!!

**NEW RULES FOR CHECKING AND  
RAISING BIDS BY PHONE ON  
LAST THREE DAYS OF THE SALE:**

On Saturday and Sunday before the closing date of Monday, Feb. 22, I will reveal the high bids; raises must be a minimum of 10% (or \$1.00 - whichever is higher). You can check as many lots as you wish and call as often as you like - but I may have to limit calls to 15 minutes each.

(I will not reveal high bids on closing day, to prevent collusion - such as bidder A finding out the high bid, then telling bidder B who submits a bid a few cents higher.)

On CLOSING DAY, Monday Feb. 22:

1) I will reveal the 2nd highest bid only, which you must raise by 20% or more in your attempt to be the highest bidder. I'll tell you if your bid is high or not. If not, you may raise again by 20% or more (10% if high bid over \$100) - but I won't reveal if your second raise is the high bid or not, on that phone call. You can call to check up to 10 lots per call, and you can call as often as you wish before 10:00 PM.

2) Faxes will be accepted until 9PM Pacific Time, after which the fax will be turned off and that phone line used to take verbal calls, until midnight or the end of the sale, whichever occurs first. So, after 9PM on closing night you can phone either:

310-478-7405 (regular #), or  
310-478-3955 (fax #)

to reach me or an assistant. After midnight use 310-478-7405 if sale is still in progress (see Rule 5 on cover as to when sale closes).

3) After 10:00PM, you can check only 5 lots per call. Each bidder is limited to only 2 calls after 10:00PM! (only if sale hasn't ended before 10 PM).

Don't wait in hopes of being the last bidder as the sale may end before you call. If the sale is over, you will just hear ringing with no one answering, as I shut off the ringers on my phones.
